

Alabama Fusion Center

Southeastern U.S. Public Safety Broadband Summit

January 14th, 2016

Alabama Fusion Center

Alabama Fusion Center

- Sole state agency responsible for information sharing among our federal, state, local and tribal law enforcement partners as well as first responders and private sector security.
- Providing situational awareness during major events, mass casualty incidents and other situations that dictate real-time information sharing.

Alabama Fusion Center

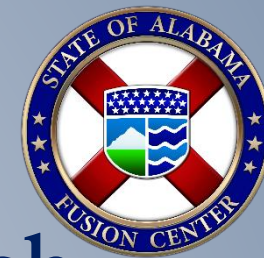

3 Reasons fusion centers are critical

1. Capacity to provide intelligence and analytical resources to our partners within our state.
2. The AFC acts as a gateway to the federal government for its local agencies.
3. An opportunity for local law enforcement to participate in group settings, pulling together multiple resources in a collective manner.

Alabama Fusion Center

50th Anniversary - Selma to Montgomery March

Alabama Fusion Center
